

CASE STUDY

Antiquated antivirus solutions unable to stand against current ransomware landscape

Antiquated solutions couldn't handle modern attacks

Malwarebytes quickly detects threats using advanced tech

Prevented six incidences of ransomware and saved thousands

Challenges

- **Avast would slow down** machine performance
- **Antiquated solution** was not capable of handling current ransomware attacks
- **Lack of visibility** into endpoints across 12 locations

Reasons for Choosing Malwarebytes

- **Powerful detection:** Malwarebytes quickly detects threats and uses advanced technology.
- **Easy deployment:** Zero issues with Malwarebytes rollout
- **Real-time defense:** The software automatically scans and updates systems and blocks access to malicious sites.
- **Updated reports:** Users can look and instantly see if systems are having issues.

How Malwarebytes Solved the Problem

- **Prevented multiple ransomware incidents** and saved thousands
- **Eliminated calls** from end users about malware-related PC problems
- **Simplified management** from the cloud
- **Gained confidence** with Malwarebytes research team

OVERVIEW

CUSTOMER

Heritage Hotels & Resorts
New Mexico, USA

Albuquerque, Santa Fe, Taos, and Las Cruces

Hundreds of computers across twelve properties

INDUSTRY

Hospitality

IT ENVIRONMENT

Enterprise Layered Security

SOLUTION

Malwarebytes Endpoint Protection

Malwarebytes has already prevented six different instances of ransomware and we saved thousands in downtime and remediation costs.
